

**PRICE LIST – RESEARCH SUPPORT - PATHOLOGY**

**Sponsor Initiated & Supported Clinical Studies**

From 1<sup>st</sup> of January 2024 (ver.01)

Specification - Service	Norwegian Kroner (NOK)
<b>Start-up fee</b> Proceedings/administration	6 650
<b>Retrieval of archival FFPE-tissue &amp; sectioning</b> H&E section controlled by pathologist/ ≤ 25 unstained sections	2 420
<b>Additional sections</b> 1-10 additional (exceeding 25 regular sections)	350
<b>Formalin Fixation &amp; Paraffin Embedding (FFPE) of tissue</b> Includes H&E section controlled by pathologist	830
<b>Retrieval of archival FFPE tissue for transfer external study facility</b> Includes corresponding H&E section controlled by pathologist	700
<b>Fresh tissue transfer from formalin → ethanol</b> Incl. retrieval from archive/logistics	500
<b>Sectioning FFPE-tissue → RNase-free water</b> H&E section controlled by pathologist/≤ 25 unstained sections	4 100
<b>Bone-marrow biopsy</b> Logistics/Performed in routine lab.	1 330
<b>Review/confirmation of histology by pathologist</b>	1 610
<b>Pathology report</b> New study-specific samples (not routine)	7 940
<b>Immune staining (per slide)</b> Per antibody/indicative price	1 350
<b>Standard Flow Cytometry</b> Conditional - additional costs may apply	7 940
<b>Frozen tissue – max. 10 sections</b> + HE section	1 120
<b>DNA extraction/purification<sup>1</sup></b> Isolation from tissue guided by histology/pathologist	4 500
<b>Gene-specific mutation analyses<sup>1</sup></b> Additional costs for tissue-sectioning apply in accordance with estimates above
