

## Application form

- 1 February 2019: Submission deadline, max 3 applications per division (internal processes)
- 1 pdf per application to be sent to [post.forskning@ous-hf.no](mailto:post.forskning@ous-hf.no).
- Applications only in English. All text in Calibri font 11, line spacing 1.5
- Max 10 pages excl. attachments

<b>1. Project title</b>
<b>2. Name and affiliation of leader (PI of the initiative), incl. the hospital division that will have the main responsibility</b>
<b>3. Project summary</b>
Maximum 100 words:
<b>4. Research objectives</b>
<b>5. Project plan and plan for implementation of results in clinical practice at OUS</b>
Maximum three pages:
<b>6. Budget: Tentative plans for how the funding from OUS will be spent per year 2019-2024</b>
<ul style="list-style-type: none"> <li>• Max per application NOK 1.2 million per year for six years</li> <li>• Equipment that cost more than 100 000 NOK will not be funded (investments). Budgets should</li> </ul>

be for salaries and other running costs/consumables.

- Unused funds cannot be transferred from one year to another (internal funding)

**7. Briefly describe how the project intends to involve users (i.e. patients/dependents)**

**8. Research environments (three or more research groups from different divisions at OUS) and external collaboration partners**

Briefly describe the role of each partner group and new synergies

**9. Briefly describe involvement and independent role of young, talented researcher(s) in the project**

**10. Publication record and other examples of important research achievements by key researchers in the project**

List of *up to ten* important publications from the main partners *relevant to the call*. (Do not attach a total list of publications). If relevant: name other examples of research achievements, such as patents, software, novel assays and reagents, IPR, policy changes etc.

**11. Recommendation from head of division**

a) *Why is this project given priority?*

*b) Describe how this project is of strategic importance for the clinical core activities of the hospital*

*c) Does the division plan to stimulate this research activity? In what way?*

## **12. Attachments**

- CV from PI (max 2 pages)
- Short CV from *key researchers* in the project (max 1 page per partner).
- Letter of support is mandatory for all key partners outside OUS.

*List of attachments:*
